

Workshop 4

ECD Leadership- Challenging the norm

Session brief

ECD Leadership session shall be in a seminar format focusing on varied contemporary leadership basics, strategies, expectations, challenges and challenging the norm for better early childhood services. It shall bring varied leaders to present, debate, brainstorm and come forth with an ECD leadership manifesto which sheds light on what's not focused on enough "ECD LEADERS AND LEADERSHIP" and which actually can function as a key catalyst for achieving high quality in early years services.

The session shall be divided into several sub-sessions, which AECED Mumbai Executive Committee members shall facilitate, with special leader invitees from across ECD guidance and services to bring a varied theory and practice *jugalbandi*.
